PRIČE O MORU

Život stanovnika Boke Kotorske oduvijek je bio uslovjen i bitno povezan sa morem i pomorstvom. More je bilo izvor života, njegovo poprište, dodir sa svijetom iz kojega se stiče znanje i bogatstvo, prijatelji, saradnici i zaštitnici. More je bilo i stradaliste na kojem se brani vjera, zemlja, porodica i sve što je sveto. U takvom okruženju Perasta i Boke, izrasli su slavni moreplovci čija su imena upisana zlatnim slovima u istoriju pomorstva.

Umjetnost, bila to arhitektura, književnost, muzika ili slikarstvo, kao i stil oblačenja i običaji, spajali su Boku sa velikim kulturama, a ona sama, ta jedinstvena Boka, oduvijek je nadahnjivala umjetnike.

Morem je, drugom polovinom 19. v., iz tršćanskih konoba do Boke stiglo i spontano homofono pjevanje, da bi pod imenom „klapska pjesma“ polovinom prošlog vijeka, postalo popularno u mjestima duž čitave jadranske obale. Dalmatinska klapska pjesma se danas nalazi na UNESCO-vom Reprezentativnom popisu nematerijalne baštine čovječanstva.

Program „Priče o moru“ produkcija je Festivala klapa Perast, premijerno izведен 2011. god kao dobrovorni koncert za *Djecu iz Bijele*. Sastavni dio programa je izložba eksponata iz muzeja u Perastu i Kotoru, koji nas podsjećaju na živote Vicka Bujovića, admirala Matiju Zmajevića, kapetana Marka Martinovića iz Perasta, Iva Vizina iz Prčanja i druge slavne pomorce i ličnosti. Koncertni dio programa sadrži klapske pjesme, odabranu poeziju i umjetničke naracije o važnim istorijskim događajima, kao i folklorne koreografije tradicionalnog igranja; *Dobrotskog kola*, *Lastovske svadbe* i *Paštrovske svite*. Program oživljava uspomene na živote Bokelja tokom proteklih vjećova, kada su jedrenjaci ovim krajevima donijeli intenzivan privredni i kulturni razvoj. Te vrijednosti danas njegujemo kao kulturnu baštinu Boke Kotorske i Crne Gore.

STORIES OF THE SEA

The life of Boka Kotorska residents has always been related to and conditioned by the sea and maritime affairs. The sea has been the source of life, its battlefield, the great connection with the world from which people acquired knowledge and wealth, establishing friendships, forming associations, and securing protection. The sea was the field of battle - for defending the people's faith, land, families, and all that was sacred to them. From this environment, long alive in Perast and Boka, famous sailors have emerged. Their names have been engraved with golden letters in maritime history.

Art, whether manifested in architecture, literature, music, or painting, as well as in the local styles of dress and other customs, has connected Boka with the great cultures. Boka, in return, has always inspired artists.

In the second half of the nineteenth century, sailors brought a spontaneous homophonic singing from Trieste's taverns to Boka Kotorska. This style of singing became very popular along the Adriatic coast, as *Klapa Songs*, in the middle of last century. Recently, Dalmatian klapa singing was inscribed onto UNESCO's Representative List of the Intangible Heritage of Humanity.

The program *Stories of the Sea* is a production of the Festival of Klapa Perast. Its premiere was in 2011, as a charity concert for the *Children of Bijela*. One key part of the program is the exhibition of old nautical collections from the maritime museums of Perast and Kotor which serve to remind us of the lives of such figures as Conte Vicko Bujović, Admiral Matija Zmajević, Capt. Marko Martinović from Perast, Capt. Ivo Vizin from Prcanj, and other famous sailors and personalities. The concert element consists of klapa songs, a selection of poetry, the artistic narration of important historical events, and folklore choreographies of traditional

XVI Međunarodni festival klapa Perast 2017. ispričaće još jednu takvu bokeljsku, morsku i klapsku priču. Programom *Priče o moru*, tokom juna mjeseca, Festival klapa gostuje u Herceg Novom, Budvi i Tivtu, najavljujući veliko finale u Perastu.

Na Pjaci Sv. Nikole u Perastu, 30. juna i 1. jula, izvanredne klape iz regionala će se takmičiti u muškoj i ženskoj kategoriji a sa posebnim interesom se očekuje izbor najbolje nove klapske pjesme. U toj kategoriji, deset klapa iz Hrvatske, Bosne i Hercegovine i Crne Gore premijerno će otpjevati nove kompozicije poznatih autora klapske muzike napisane na temu *Boka kotorska - more i pomorstvo*.

Promocijom almanaha *LIRICA* br. 5 Međunarodni Festival klapa u Perastu nastavlja vrijedno izdavaštvo, slijedeći svoju misiju popularizacije klapskog pjevanja. Čuvanje kulturne baštine ovog muzičkog pravca ostaje prioritet Festivala u Perastu koji je po tome već prepoznat i cijenjen u svijetu klapskog stvaralaštva.

dances such as *Dobrotsko Kolo*, *Lastovo's Wedding*, and *Pastrovska Svitje*. The program revives memories of the lives of the people of Boka over centuries past, when sailing ships brought about intensive economic and cultural development. These values are cherished nowadays as the cultural heritage of Boka Kotorska and Montenegro.

This summer, the XVI International Klapa Festival Perast (2017) will present the newest installment of *Stories of the Sea*. Concerts will be held in Herceg Novi, Budva, and Tivat during the month of June, ushering in the grand finale in Perast.

On June 30th and July 1st, in Perast's St. Nicholas Square, exceptional klapas from across the region will come together to compete in male and female categories. Special interest in the competition is reserved for the *Best New Klapa Song*. In this category, ten klapas from Croatia, Bosnia and Herzegovina, and Montenegro will present, in premiere performances, new compositions of the famous authors of klapa music, written on the theme of Boka Kotorska.

Through the promotion of the almanac *LIRICA No.5*, the International Klapa Festival Perast continues its invaluable publishing activity, in accordance with its mission to promote and preserve klapa singing. The preservation of the cultural heritage of this musical field remains the priority of the Festival of Perast, which is recognized and appreciated throughout the world of klapa music and beyond.

PROMOCIJA NOVIH IZDANJA I OKRUGLI STO

Festivalski časopis *Lirica* br. 5, *Priče o moru*

Urednik: **MILAN KOVAČEVIĆ**

Učestvuju:

MOJMIR ČAČIJA, predsjednik Stručnog žirija Festivala

JASMINKO ŠETKA, umjetnički direktor Festivala

Okrugli stolovi su, pored nekoliko naučnih skupova, postali korisna praksa Festivala u Perastu. Na ovim festivalskim druženjima, klape učesnice i njihovi voditelji sa renomiranim klapskim stvaraocima, koji su članovi Stručnog žirija Festivala, razmjenjuju iskustva o svojim nastupima, saznavaju kriterijume prema kojima su članovi Žirija stručno ocjenjivali nastupe. Otvorenim i stručnim diskusijama klape obogaćuju saznanja o sopstvenom radu, dok sa druge strane, rukovodioci Festivala, kroz ocjene o organizaciji, stiču pouke za buduće aktivnosti.

„Iako nosi isti naslov, *Lirica* br. 5 različita je od koncertnog programa *Priče o moru*. Rad na pisanju zahtijevao je zalaženje u brojne istorijske knjige i zapise, u provjere događaja, datuma i konsultovanje različitih literarnih izvora. Uvijek su intrigantni podaci iz prošlosti, o istorijskim zapletima i igrama velikih sila koje su malim primorskim mjestima Boke određivali sudbinu u ime svojih interesa, odlukama koje su puno značile i gotovo uvijek još više koštale. Zahtjevno nam je bilo i pronaći najbolju mjeru između obilja raspoloživih podataka i onoga što mi izdavači želimo postići ovom *Liricom*, s obzirom na to da je namijenjena prvenstveno ljubiteljima klapske pjesme. Željeli smo da im, uz poneku interesantu partituru, bliže dočaramo ovaj čudesni kraj svijeta – Boku, nestvarno lijepu, njene zalive zagrnutе ovim obrušavajućim planinskim gromadama, koji su bili bogomdani prirodni zakloni za trgovačke i ratne

JASMINKO ŠETKA, Artistic Director of the Festival

The round tables and several scientific conferences became useful practices of the Festival in Perast. At these festival gathering participants, members of klapa and their leaders meet experienced authors of klapa music who are members of the Expert Jury of the Festival. They discuss and exchange experiences on their performances, find out the criteria used by members of the jury upon the appraisal work of performances. Open and professional discussions enrich the klapa's knowledge of their own work, while on the other hand, the leaders of the Festival, can hear opinions and suggestions on organisation works, thus learning for future activities.

“Although it carries the same title, *Lirica* No. 5 is different from the concert program *The Stories of the Sea*. Writing work required retrieval of numerous historical books and records, checking of events, dates, and consulting various sources of literature. It is always intriguing to study historical data, political plots and games of great counties that set the destiny of small towns of Boka. For the sake of their own interests, their decisions meant a lot and almost always cost much more. It was also necessary to find the best measure between the abundance of available data and what we, as publishers, wanted to achieve with this *Lirica*, as it is primarily dedicated to the fans of the klapa song. We wanted to present to them this amazing part of the world - Boka, unbelievably beautiful, its

Iz svog voljenog zaliva, vješti bokeški pomorci isplovljavali su u susret velikim bitkama, često srijetali i preranu smrt, ropstvo, gubitak porodice. Pa ipak, pored pogibelji, ostali su vidljivi tragovi umjetničkog i poetskog; u čežnjivim snovima, pismima, pjesmi i poeziji, obećanjima i zavjetima, umjetnosti... u muzici. Sve to je nataloženo u biću Boke tokom proteklih vijekova."

Nakon radnog vijeka provedenog u pomorstvu, posvetio se svom dugogodišnjem interesovanju za umjetnost, fotografiju i muziku. Iza sebe ima i tri samostalne izložbe slika. S kotorskim orkestrom *Biseri Boke* nastupao je više od dvadeset godina. Autor je 26 kompozicija i tekstova, među kojima su i pjesme za klape *April 1979*, *Bura*, *Molitva Gospa*. From his beloved bay, skillful Boka sailors had fled to participate in big battles, often facing premature death, slavery, lost of family members. Still, besides the perils, there are still visible traces of artistic and poetic achievement : in longing dreams of lonely sailors, in their letters and poetry, their promises and vows, art ... in music.
